WASTIN' AWAY AGAIN IN MARGARITAVILLE

Where is Margaritaville? It's somewhere between the Port of Indecision and Southwest of Disorder. For this night it is at Randy Urner's OUTSIDE where the lush foliage provides the camouflage and water fountains remind us of the ocean breezes. It's five o'clock somewhere so...cocktail hour starts whenever you arrive. Choose between the perfect margarita, tropical sunrise, or just crack open a refreshing beer while enjoying Margaritaville inspired delicacies. End the evening "nibblin' on sponge cake." Passports are not required.
